

## **Athletic Trainer or Certified Orthotic Fitter**

Mountain Valley Orthopedics is seeking an Athletic Trainer or a Certified Orthotic Fitter to work in the Durable Medical Equipment (DME) Department.

### **Job Summary:**

Educate, measure and fit patients for custom/off-the-shelf braces for all extremities, custom orthotics, AFO/MAFOs, crutches, walkers, etc. Educate and instruct patients on home exercise programs and gait training for ambulatory equipment. Work closely with the physicians, mid-level providers and clinical staff to dispense appropriate braces that are ordered.

### **Qualifications and Skills:**

- Required: Bachelor's Degree
- Preferred: Current BOC Certification (ATC) with an active Pennsylvania State Board of Medicine License OR Orthotic Fitter Certification.
- Required: Current CPR and AED Certification
- Preferred: Master's Degree and/or OPE-Certification
- Professional and positive attitude.
- Ability to work as a team player.
- Excellent communication skills-need to effectively communicate with physicians, patients, and co-workers.
- Flexibility with last minute doctors schedule changes.
- Ability to lift more than 15 pounds.
- Travel between satellites locations, as scheduled.
